#### **Unlocking And Resetting COD Web Site Passwords (01/27/06)**

COD would like to remind COD Web site users that Security Administrators (COD Web site User Level 5) are able to unlock and reset passwords for the users (User Level 1-4) they established at their school or organization. However, if the Security Administrator needs his or her password unlocked or reset, the Security Administrator must contact the COD School Relations Center.

In order to unlock users, a Security Administrator should log in to the COD Web site, [www.cod.ed.gov](http://www.cod.ed.gov), and complete the following steps:

- Step 1: From the Welcome to Common Origination & Disbursement Web Site screen, click on the User tab on the blue bar at the top of the screen. The User Search screen displays.
- Step 2: Enter the search criteria for the user and click on the submit button at the bottom of the User Search screen. The Search Results screen displays and lists users that match the search criteria.
- Step 3: On the Search Results screen, select the name of the user that needs to be unlocked. The User Information screen displays.
- Step 4: Click on the Modify button at the bottom of the User Information screen. The Update User Profile screen displays.
- Step 5: The Locked Out box on the Update User Profile screen contains a checkmark. Click on the Locked Out box to remove the checkmark.
- Step 6: If a new temporary password is not needed, skip this item and go to Step 7. If a new temporary password is needed, enter the new temporary password in the New Password field. Then re-enter the new password in the Re-enter New Password field to confirm. The user will need to change this password to one of his or her choosing.
- Step 7: Click on the submit button at the bottom of the Update User Profile screen. The Update Your Profile screen displays.
- Step 8: On the Update Your Profile screen, click on the Submit button to confirm the updates made to the user's profile.

## **Data Center Move—Impact on Campus-Based and Pell Grant Funds Availability (GAPS, EDCAPS, and COD) (01/17/06)**

The Department of Education (the Department) is in the process of relocating its data center. Some of the Department’s core financial systems, including the Grant Administration and Payment System (GAPS), will be shut down and unavailable while the Department completes the relocation. This shutdown will impact how the Common Origination and Disbursement (COD) System will process financial data and when schools can obtain funds for their Federal Student Aid programs as follows:

- **Thursday, February 2, 2006 through Sunday, February 5, 2006**—The COD System will accept Pell Grant disbursements, but Current Funding Level (CFL) changes and funding will not be processed by EDCAPS/GAPS until Monday, February 6, 2006.
